

The Partner Exchange Program

The MISSION Partner program is about connecting people. Sometimes, this might be to address a specific business need or perhaps, a client requirement. But, in other instances, these connections represent an opportunity to learn from and, to share knowledge with colleagues from around the world.

And the latter is why we created the Partner Exchange Program.

What is the Partner Exchange Program (P.E.P)?

The P.E.P enables MISSION Partner agencies to offer their team members the opportunity to spend some time (normally a few weeks), working in another MISSION or, Partner agency's office.

Exchanges are pre-arranged so that the participating individuals can actively contribute to the day-to-day operations of their host agency and work on accounts. *Sorry, this is not a vacation!*

Host agencies can benefit from an infusion of new ideas and different perspectives. *Plus*, it's a great way to build long-term professional friendships, reward team members and, even attract new talent when offered as an employment benefit.

Exchanges can be just one way or, two way. Indeed, they don't necessarily have to take place at the same time.

What does it cost to participate in the P.E.P?

This very much depends on where the participant is going to and, how long they'll be there for. But the approach is simple. The participants agency covers the cost of travel (including visa and insurance), accommodation and subsistence. The host agency provides a welcoming and suitable working environment with all the necessary facilities.
